August 2017**

August 31st is International Overdose Awareness Day

International Overdose Awareness Day (IOAD) is a global event held on August 31st each year and aims to **raise awareness** of overdose and reduce the stigma of a drug-related death. It also acknowledges the grief felt by families and friends **remembering** those who have met with death or permanent injury as a result of drug overdose. This year's theme is **"Time to Remember. Time to Act"**

Overdose Day spreads the message that the tragedy of overdose death is preventable. [Wear Silver](#) to show your support.
