

# Red Rock RPC January 2018

## National Drug & Alcohol Facts Week

Red Rock RPC would like to inform you that National Drug & Alcohol Facts Week (NDAFW) is January 22-28, 2018. Held the last week of January every year since 2010 and launched by the National Institute on Drug Abuse, NDAFW brings teens and scientific experts together to discuss the scientific facts about drugs, as well as their potential health effects on teen bodies and brains. Events are held around the country, with registrants getting free science based materials designed for young people. During the week, scientists and science writers answer questions from teens around the country during a live web chat called National Drugs and Alcohol Chat Day.

National Drug and Alcohol Chat Day is January 22, 2018. During this annual live online chat held between high school students and NIDA scientists, students from around the country ask the questions they most want answers to about drugs, alcohol, and drug use, including drug and alcohol effects, how to help friends or family that are abusing drugs, and what causes addiction.
