

RED ROCK RPC

Benefits of Prescription Drop Boxes

There are many benefits to using prescription drop boxes for any old, unwanted, or expired opioids/painkillers. The biggest benefit is that you are helping to reduce and prevent the huge opioid overdose problem our state has by reducing availability and access to prescription drugs. However, there are other benefits as well. One is that the Oklahoma Bureau of Narcotics (OBN) partners with Covanta Energy to destroy unused pharmaceuticals and turn them into green energy. Another benefit is that it helps keep our water clean and it is free and anonymous! Local drop boxes are listed below .
