**ACC'S**

## **What are ACC'S?**

A strict protocol is followed in completing Alcohol Compliance Checks. A staff member of the RPC enters a retail store to ensure safety before the minor enters. The minor enters the retail stores without acknowledging the RPC staff and attempts to purchase alcohol using their drivers license which clearly states their date of birth. The minor provides cash that has been tagged by local law enforcement to the retailer to purchase the alcohol. If a sale is denied the minor leaves the retail store immediately. However, if a sale is complete the minor exits the store and hands the alcohol to law enforcement. At that time the law enforcement officer educates the retailer about the law surrounding underage drinking and selling to minors. Alcohol Compliance Checks can be very useful in allocating scarce enforcement and prevention resources.
